1. Undergraduate Degree Program Regulations (2006)

General

- Admission is open to all eligible candidates without discrimination of caste, colour, creed, sex, religion, or domicile.
- An academic year normally consists of two regular semesters, each of 16 weeks of teaching.
- English is the medium of instruction.

Course Registration

- Students must register for the prescribed group of courses at the start of each semester.
- A course may be changed within 5 teaching days of semester commencement; it may be dropped within 4 weeks with no academic penalty (fees are not adjusted/refunded).
- To remain a full-time student, an undergraduate must register for at least 12 credit hours per semester.
- Maximum load: 21 credit hours/semester for 4-year degree programs (24 for 5-year programs).

Degree Requirements

- BS programs (including Software Engineering) run 8 semesters minimum, 12 semesters maximum.
- Course of study, credit hours and semester requirements are set by the Academic Council.

2. Examination & Grading System

Assessment Distribution (courses without lab)

Component	Weightage
Quizzes / Assignments	25%
Sessional Exam I	10%
Sessional Exam II	15%
Terminal Examination	50%

For courses with practical/lab components, theory and practical are each graded on the same 25/10/15/50 split, then combined proportionally to credit hours. Passing marks must be secured separately in theory and practical — failing either fails the whole course.

Eligibility for Terminal Examination

- All prescribed fees/dues must be paid and the student must be on campus rolls for the semester.
- At least 80% attendance is required in lectures/seminars and in practical/lab work for each course. Falling short of 80% bars the student from the terminal exam and results in failure of that course.

Grading Scale

Grade	Credit Points	% Marks
A (Excellent)	4.0	85 and above
A-	3.66	80–84
B+	3.33	75–79
B (Good)	3.0	71–74
B-	2.66	68–70
C+	2.33	64–67
C (Average)	2.0	61–63
C-	1.66	58–60
D+	1.30	54–57
D (Min. Passing)	1.0	50–53
F (Fail)	0.0	Below 50

Minimum pass marks in any course = 50%.

Rechecking of Answer Books

- Allowed only for totaling/verification that all parts were marked — not re-evaluation of content.
- Must be requested within 10 days of result notification, on payment of prescribed fee.

3. Academic Status, Probation & Freezing of Studies

Scholastic Status

- **Good Academic Standing (GAS)** — default status while CGPA stays at or above 2.00/4.00.
- **Probation (PRB)** — assigned if CGPA falls below 2.00/4.00 at the end of a semester.
- **Dismissal (DIS)** — automatic if a student on probation receives a second successive probation.
- **Readmission (RAD)** — one chance may be granted: in the first 4 semesters, readmission to semester 1; from the 5th semester onward, readmission to repeat the same semester in which DIS was assigned.

Freezing of Studies

- Permitted before the start of a semester with Director/Incharge Academic Affairs approval.
- Maximum 4 semesters (total) may be frozen for a bachelor's degree; not more than 2 in succession.
- First semester of study cannot be frozen.

Withdrawal

- A course or full semester may be withdrawn before the mid-term exam, with Director's permission.
- No academic penalty applies, but course/semester fees are not refunded or rolled over.

Merit & Medals

- CGPA 4.00 → Patron's Gold Medal; CGPA $\geq$ 3.75 → Institute Gold/Silver/Bronze; CGPA $\geq$ 3.50 → Campus medals.
- Medal recipients must not have failed/repeated any course and must complete the degree in minimum prescribed time.

4. Computer Lab Rules

- Lab printers are for course-related material only — no personal printing.
